Hello People-Friends,

We hope you've enjoyed meeting your yeti, and wondered if you'd like to learn how to become Yeti Keepers?

Sometimes yetis can be a little tricky to settle, but they'll let you know what they need.

Start by building a den in a corner of your room and fill the bottom with some ripped paper to help it feel cosy.

Please get in touch if you have any yeti type questions.

Be ROARSOME,
