

Idaho, Raven and Flint were just about to tuck into their sausages when it started to pour down with rain.

It's so heavy!

**Aww No!!!
My sausage!!**

They grabbed their bags and ran, searching high and low for shelter, until they spotted a small cave at the foot of a cliff.

Quick!!!

**You're so
brave Flint!**

The cave inside, branched into a number of tunnel ways. One in particular seemed to be lit with fire-light, so a very brave but soggy Flint decided to investigate.

Shhhh.
