

The yeti told them to sit beside the fire to warm up and he would tell them all about 'The Long Walk'

Wait 'till I tell you all about it.

Erm .... Ok?

I did The Long Walk 5 years ago. I got stuck, wet, muddy, stung by bees, scared by bats and bears ... and I still couldn't find the cave entrance at the bottom of the mountain.

I've been in this cave ever since ... I'm not going back to the clan. If I can't do it, you'll never do it. Turn back now you small yetis!

Should the trio listen?
