

© Get Set Yeti 2023

- Colour in the stems and leaves, then carefully cut them out.
- Add some flower heads to the top, made from tissue or coloured paper and glue together.
- Fan out your flowers from the bottom, with the letters in order and staple in place.
- Find out the names of the cleaners, the office, and auxiliary staff and give them a bunch of flowers each to show your appreciation of all they do for you. If you're completing our challenge as a family, give your flowers to someone who does nice things for you.
