

BRAIN SONG

A GROWTH MINDSET
CLAPPING RHYME

*My brain grows like a muscle,
it loves it when I try.
The more and more I persevere,
the more I'm flying high
It's happy when I'm learning,
It even likes mistakes.
It builds on every single try,
However long it takes.
My brain it makes connections,
it makes them strong and true.
Criss and crossing neurons
to do the things I do.*

My brain is like a muscle,

My	brain	is	like	a	mus-cle,
					

It loves it when I try.

it	loves	it	when	I	try.
					

The more and more I persevere,

The	more	and	more	I	Per-sev-ere
					

The more I'm flying high.

the	more	I'm	fly-	ing	high.
					

It's happy when I'm learning,

It's	hap-	py	when	I'm	learn-ing,

it even likes mistakes.

it	e-	ven	likes	mis-	takes

It builds on every try,

It	builds	on	eve-	ry	sin-gle try,

however long it takes.

how	ev-	er	long	it	takes.

My brain it makes connections,					
My	brain	it	makes	con-	ect-ions,
					
It makes them strong and true.					
it	makes	them	strong	and	true.
					
Criss and crossing neurones,					
Criss	and	Cross-	ing	neu-	rones
					
to do the things I do					
to	do	the	things	I	Do.
