

YETI SYSTEM

SCIENCE TECHNOLOGY ENGINEERING MATHS

MAKE SOME SPACE ART

- Find a piece of black paper, or paint a piece black.
- Dip an old toothbrush in white paint and run your finger along the bristles, spraying your paper with white flecks to make stars.
- Draw and cut out some amazing planets and glue them to your picture.
- Print and carefully cut out Reeva and her team.
- Add the astronauts to your picture, or stick them to lolly sticks and take them for a space walk with your picture as the backdrop.
